Teenager Kidnaped from Boyfriend's Car

Armed Man Frees Her After Drive

Long Beach Girl Forced to Leave Another Couple

LONG BEACH — A teenage girl was kidnaped from her boyfriend's car early today by an armed man who drove her to Bellflower where he finally released her, police reported.

Officers said the 17-year-old girl was abducted from the car as it was parked on the Long Beach Freeway near Atlantic Blvd. in North Long Beach.

The girl's boyfriend left her with another couple while he went for help after having a flat tire. A stranger appeared at the car, waved a gun and told the boy inside:

"Ah, I see you have a spare girl."

He forced the teenage girl victim into his car and drove off.

Navy Secretary Cuts Sentence Of Sgt. McKeon

PARRIS ISLAND, S.C. — S. Sgt. Matthew C. McKeon has received a big reduction in his "death march" court martial sentence, including a chance to stay in the Marine Corps.

Navy Secy. Charles S. Thomas late yesterday overruled a bad conduct discharge that a court martial board handed the 27-year-old drill sergeant for the march that killed six recruits.

Thomas decreed that McKeon be broken to private but reduced his hard-labor sentence from nine to three months. He also abolished a \$30 monthly pay forfeiture, saying the reduction in rate would incur a greater pay loss than this.

Thomas said he believes the "real punishment" will be the "memory of those youngsters" who drowned in a night march into a tidal creek last April 8.

McKeon has said the worst part of the sentence given him after a long court martial trial last July and August was that it made it impossible for him to continue his Marine Corps career.

Baby Kidnapping Snares Father On Adultery Writ

CHICAGO — Abducted baby Ronald Bucher cooed contentedly in his own crib today after his short-lived kidnapping while his parents found themselves enmeshed in an involved marital tangle.

Shortly after the one-month-old boy was returned unharmed to his parents Friday, his father admitted that he had deserted another woman and four children.

THOMAS PATERIMOS, 29, confessed he had been living with Ronald's mother, Lois, 21, under the name of Bucher. He made the confession after he was confronted by his legal wife, Mrs. Joan Paterimos, 27.

Paterimos was behind bars today on an old non-support warrant, and assistant state's attorney Louis Geannopoulos said he would be charged with adultery, child abandonment and non-support.

Old West Revived Here As Damage Suit is Filed in Cattle Rustling Case

The old west came hauntingly back today, with word received here of cattle stealing and false arrest, and the filing of a suit in Riverside Superior Court by Alfred and Maud Raab of Palo Verde Valley against Walter Scott of Blythe.

The story, told by the Raabs through their attorney, Jerome Richardson of the firm of Richardson and Henderson of Palm Springs, goes back almost a year ago to Oct. 21, 1955.

It was on this date that the Raabs went to a place near Neighbor, Ariz., to look at a steer that was confined in a pen there, which they believed might have been taken from them. They were reportedly asked if the steer belonged to them, to which they answered that it did not. Then, according to Raab, Walter Scott, who claimed to be a deputy sheriff of Riverside County, arrested Mrs. Raab without a warrant or complaint having been filed, and held her for almost an hour "by force and threats."

After she was released, the cattle rustling continued, and the story that the Raabs tell could almost be taken from western fiction, of chasing rustlers in automobiles and tracing stolen cattle.

Then, on Nov. 14, 1955, two Imperial county deputies, Thomas M. Thomas and Dusty Rhoads, came into Riverside county, according to Richardson, and arrested Alfred Raab for cattle stealing.

A preliminary hearing was held before Judge James C. Marble of El Centro's Justice Court and the case was dismissed when the judge found no evidence against Raab.

On Aug. 17, this year, Alfred and Maud Raab filed suit totaling \$63,000 against Scott, Thomas,

8 Convicted In Million Brink's Theft

Defendants in Biggest U.S. Robbery Get Sentence Tuesday

BOSTON — Eight men, described as "potential murderers," were convicted early today of the million-dollar robbery at Brink's Inc., six years ago.

A Suffolk County jury deliberated three hours and 40 minutes before convicting Joseph McGinnis, Anthony Jazz Maffie, Michael V. Adolph Jazz Maffie, Michael V. Geagan, James I. Faherty, Thomas F. Richardson and Henry Baker.

SUPERIOR JUDGE Felix Forte set Tuesday at tentative date for sentencing for the middle-aged men who participated in the greatest cash robbery in the nation's history. They could receive life sentences.

McGinnis, fleshy, pink-faced hoodlum who engineered the armed assault on Brink's was convicted of 36 counts on 11 indictments charging conspiracy, receiving stolen goods and being an accessory.

CHARGES AGAINST THE other defendants included armed robbery, burglary and conspiracy. The defendants sat hypnotized. Pino, his thick neck taut, craned his head toward the jury in apparent disbelief.

McGinnis' wife, Marjorie, gave a sharp cry as the verdicts were handed down. She had to be supported from the courtroom and then fainted near the exit.

Other defendants' wives wept quietly while streams of court officials rushed to congratulate prosecution attorneys.

The conviction ended nine weeks of trial with 4,800 pages of transcript and more than a million words of testimony.

Army Dog Takes Charge of Rail Car, Makes Military Police Turn Tail

DES MOINES, Iowa — An Army-trained police dog took charge of a railway baggage car Friday night and defied anyone to eject him.

The 100-pound canine leaped briskly from his box when the train stopped at Rock Island. A snarl sent a baggage agent, two railway agents and three policemen hopping for safety. A second look at the animal's teeth discouraged any ideas of capture that the six had held.

With a timetable pressing a decision, the men slammed the car door and dispatched the train to Des Moines.

To avoid any surprises, a wire was sent ahead to Des Moines, advising officials of the unusual baggage. The railroad called the Iowa military police, who politely declined an invitation to remove the dog on grounds that none of their personnel was trained for that sort of work.

The Animal Rescue League came to the rescue of railroad officials. When the train arrived at Des Moines, two men snared the dog with a "catch pole" and nudged it back into its crate.

37 Girls Answered His Marriage Ad, But He Only Wanted to Vote

EAST LANSING, Mich. — A young college student who wants to vote so badly he even considered getting married has rejected 37 marriage proposals.

Bernard Ritzinger, 25-year-old Michigan State University student, advertised in the college newspaper for a wife because election officials told him the only way he could vote in the November elections was by marrying a Michigan resident.

Ritzinger, formerly of Kearny, N.J., has lived here since September, 1955, but cannot vote because state law holds that no out-of-state

college student can gain or lose residence here for voting purposes. "I'm really stuck," he said, "I no longer have any voting rights in New Jersey because I haven't lived there in more than a year and now I find I can't vote in Michigan unless I get married and I don't want to get married."

Ritzinger said he really wasn't looking for a bride but placed his ad because he wanted to point up his strong desire to vote in the November elections.

However, 37 girls did take the ad seriously, with 34 of the prospective wives coming from Michigan State University.

Kuchel to Make Speaking Stop Here Monday

U.S. Sen. Thomas Kuchel, while on a whirlwind tour of Southern California, will make Palm Springs a stop Monday.

Warren Slaughter, local attorney who is handling Sen. Kuchel's campaign here, said today that plans are completed to give the senator a "real welcome" to this resort community.

Kuchel will enter the Village by automobile from Banning, and will be met by scores of persons who will escort him in a parade up Palm Canyon Drive from El Mirador Hotel. After a brief stop at Republican headquarters, the caravan will proceed to the Palm Springs Playhouse where the senator will visit with voters and speak to residents of the area.

Slaughter said that everyone is invited to meet Senator Kuchel during his brief visit here, and also are invited to join the escort of the senator from El Mirador to the Playhouse. The caravan will form in front of El Mirador at 3:30 p.m. and a motorcycle escort will lead it down Palm Canyon Drive and over Ramon Road.

At the Playhouse, Senator Kuchel will be met by city leaders, the local Republican assembly members, high school students, and citizens. The senator's address here will be one of the first of many, with both Republican and Democratic candidates making Palm Springs an important stop on their busy agendas.

Mabel Maggard Funeral Monday

Notice was received today from Edward Maggard that the funeral services for Mabel Maggard will be held at 11 a.m. Monday, Oct. 8, in St. John's Episcopal Church, Ross, Calif.

At the same hour, 11 a.m. Monday, a memorial service will be held in St. Paul's Episcopal Church in Palm Springs. Mr. Maggard has repeated the request that contributions in lieu of flowers be sent to the Sunday School building fund at St. Paul's in the Desert.

THE teenage boy in the Winter automobile told police that all three passengers of the car "were scared" when the police started chasing them, but they could not get the driver to stop. He said that when an officer fired the gun, Winters pushed his girl on the floor of the car and said "Stay down, the police are shooting at us."

DURING THE CHASE, police said that many automobiles were endangered by the fleeing car, as it swung from one side of the road to the other.

When the four police cars hemmed it in, and brought it to a stop, it was necessary to use force to control the resisting Winters as he fought off the officers, they said.

The two boys had reportedly been to Hemet, and had returned to Indio where they "picked up" the girls and then went to Palm Springs for "some fun."

Hope Secret Talks May Settle Suez

Western Diplomats Optimistic After U.N. Conferences

UNITED NATIONS, N.Y. — Western diplomats today expressed hope "secret" sessions of the U.N. Security Council might open the way for a negotiated settlement of the Suez Canal dispute.

They said the closed-door meetings, suggested by Britain and endorsed by the United States, could provide Egypt with the opportunity for presenting any proposals it might have for settling the international controversy.

THE COUNCIL was in recess until Monday. At yesterday's opening session in the debate on the crisis precipitated by Egypt's seizure of the strategic 101-mile waterway, Britain and France pit before the council a resolution seeking endorsement of the Western plan for international control of the canal.

Secy. of State John Foster Dulles announced United States support for the proposal approved by 18 of the 22 nations which attended the first Suez conference in London.

The resolution was accompanied by strong criticism of Egypt's position by British Foreign Secy. Selwyn Lloyd and French Foreign Minister Christian Pineau.

EGYPT'S FOREIGN minister Mahmoud Fawzi, scheduled to speak when the council convenes after the weekend, refused to comment.

Immediately after the council session, however, Fawzi sought out Dulles in the latter's hotel suite. It was Fawzi's first direct contact with any of the leaders of the Western Big Three.

The meeting raised Western hopes that President Gamal Abdel Nasser's regime might be exploring grounds for negotiations. Dulles met earlier yesterday with Lloyd and Pineau and others of the seven foreign ministers on hand for the momentous debate.

Clouts Circuit With Two on And Two Out

Gloomy New York Pulls From Behind In Early Period

NEW YORK — Forty-four-year-old Country Slaughter, an old pro who refuses to go down the other side of the baseball hill, came up with a three-run homer today that gave the New York Yankees a 5-3 victory and their first win over the Brooklyn Dodgers after two straight World Series defeats.

The Yankees had their backs tight against the Yankee Stadium wall—two games down and trailing 2-1—and were as gloomy as the cloudy skies above when the old warhorse strode to the plate with two men on and two away in the sixth inning.

MICKEY MANTLE, the home run hero of the Yankees, had fallen them with a weak popup to first. But Slaughter, who came to the Yankees Aug. 26 and is fighting for a full series share which would be welcomed with a new baby expected momentarily at home, didn't disappoint the roaring crowd of 73,977.

Old Enos worked the count to 3 and 1 and, in the twilight of his career, reached back 10 years into the past for a blast that put the Yankees on top to stay. Slaughter had hit his last previous World Series homer in 1946, almost 10 years ago to the day.

YOUNG WHITEY FORD, who had dropped the first game at Ebbets Field, took it from there. He gave up one more run but fought his way out of a tough seventh inning jam, got a big break in the ninth and won his fourth World Series game by scattering eight hits.

The loser was lanky Roger Craig, who hadn't won a game since August—but might have today except for old Country's blast into the right field stands.

The Yanks had tied it up once earlier, on a second inning homer by Billy Martin after the Dodgers jumped into the lead at the top of the second. The Brooks moved ahead by one in the sixth and—after Slaughter's big blow—scored once again in the seventh only to have it matched by the Yankees in the eighth.

BROOKLYN, FIGHTING for a sweep of the first three games—a deficit from which no team in series history had come back—jumped into the lead in the top of the second when ever dangerous Jackie Robinson walked on five pitches.

Big Gil Hodges, the hitting star of the first two games, lashed a single into the hole at short to move Robinson to second. Robinson took third when Carl Furillo flied to right and trotted casually home as Roy Campanella drove Hank Bauer back to the right field bullpen for the second out.

THE WIRE-TOUCH Martin tied it up in the bottom of the inning when he pulled all of his slender 170 pounds into a one and "up" pitch to send the ball into the sea just inside the left field foul line.

Brooklyn made determined bids in the third and fifth innings. The first time Craig led off with a single, only his second safety of the year, but Ford got out of it with a double play. Then, in the fifth, Campanella opened with a single but, after Charley Neal struck out, Roy was thrown out stealing.

Estes 'Explains' Ike's Doubt on Third Term Law

ENROUTE WITH KEFAUVER
—Sen. Estes Kefauver said today that President Eisenhower has doubts about the Constitution's no-third-term amendment because, if re-elected, he will "immediately" lose control of his party to Vice President Richard M. Nixon.
The Democratic vice presidential candidate issued a statement commenting on remarks made by the president at his news conference in Washington yesterday. Mr. Eisenhower said he questions the wisdom of the constitutional provision which bans a third term.
"It has finally occurred to Mr. Eisenhower that the political facts of life being what they are, if he is re-elected as a lame-duck president, he will immediately lose control to the obvious coming power in the Republican Party—Dick Nixon," Kefauver said.
Kefauver's statement was made public as he campaigned in Oklahoma on the return leg to his second campaign trek—an 8,000-mile swing into six states.

The new store is stocked with equipment for every "cowboy" from 7 to 70, and from "dude," to the "cowpunchers."
Ross is secretary-treasurer of the Palm Springs Mounted Police, and has worked with that organization each year to present the Mounted Police Rodeo in the Village.

About one-half of the Army's 600,000 civilian employees are "blue collar" workers—paid on a locality wage basis. The other half is "white collar"—paid at national rates set by Congress.

Week's Good and Bad News

By CHARLES M. McCANN
United Press Staff Correspondent
The week's good and bad news on the international balance sheet:
Suez
The tangled Suez Canal dispute now fully recognized as one of the biggest in world affairs since the end of World War II was brought before the United Nations.
The 11-member Security Council, executive committee of the 76-nation U. N., met in New York to take up two complaints.
One, by Britain and France, was made against Egyptian President Gamal Abdel Nasser's attempt to seize sole control of the canal. The other, by Egypt, accused Britain and France of endangering peace by their policy in the dispute.
There seemed no chance that the council could take effective action. Soviet Russia, closely supporting Nasser, was sure to veto any attempt by the council to call for international control of the canal.
A disturbing angle was the division between the United States on one side and Britain and France, its chief allies, on the other.
Bitter criticism of Secretary of State John Foster Dulles was voiced in London and Paris. Dulles was accused of starting the dispute by withdrawing a promise of United States aid in building Nasser's great Aswan Dam on the Nile River—and then failing to support Britain and France when Nasser retorted by internationalizing the canal.
DIVISION
The allied split was marked by closer cooperation between Britain and France and by an increased British disposition to join in continental European cooperative plans. There were indications that West Germany might join Britain and France in a new three-power line-up.
POZNAN
Poland's Communist government was confronted by the most explosive situation that had arisen in any of Russia's Iron Curtain satellites.
In the industrial city of Poznan, the government started a series of trials of workers accused of various crimes in the strikes which broke out on June 28.
Minor disorders were reported in the Poznan area. Dispatches said that riotous demonstrations were expected to break out in pro-

South Africa Worried About Mid-East Peace

PRETORIA, South Africa (AP)—South African Foreign Minister Eric Louw said today his government has been seriously concerned about the maintenance of peace in the Middle East since the start of the Suez crisis.
In an interview Louw said South Africa was anxious "both from the standpoint of seeing peace preserved and of maintaining the 1893 Suez Canal convention, keeping in mind that Egypt is the gateway to South Africa."
Louw said his country "sees nothing illegal" in Egypt's nationalization of the old international Suez Canal Company.
The company, he said, "was registered in Egypt."

3 Jets Set New Trans-U.S. Speed

SAN DIEGO, Calif. (AP)—Three Navy Cougar jet fighters flew to New York and back Friday in 10 hours, 49 minutes and 11 seconds to set a new roundtrip, continent-spanning speed record.
Cmdr. Gerald A. Robinson, 38, landed here at 3:27 p.m. PST to break the old mark of 11 hours, 27 minutes set May 22, 1955, by Lt. John Conroy of the California National Guard in a R6A Sabrejet.
Robinson was followed seconds later by Cmdr. Donald Michie, 35, and Ens. Ronald K. Hess, 24.
A fourth pilot in the formation was grounded in New York because of operational difficulties.

Reality of Evil Challenged in Science Sermon

"Are Sin, Disease, and Death Real?" is the challenging subject of the Lesson-Sermon in the Christian Science churches on Sunday. The sermon illustrates that Christ Jesus destroyed these conditions and taught his followers to do likewise.

A key reference from the Bible gives the words of David in Psalms 145 (10-12), "All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power; To make known to the sons of men his mighty acts, and the glorious majesty of his kingdom."

This text is developed in a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, which declares, "All reality is in God and His creation, harmonious and eternal." It continues, "Therefore the only reality of sin, sickness or death is the awful fact that unrealities seem to human, erring belief, until God strips off their disguise" (p. 472).

The Golden Text is the Psalmist's prayer (67:1, 2), "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

The average U.S. citizen eats more than 160 pounds of meat annually. One fourth of food money in this country goes for meat, the leading item in family food budgets.

Adult Institute Courses Begin Monday Evening

Two courses in Jewish education have been planned for the 1956-57 season of Adult classes to begin on Monday, Oct. 8, at 8:15 p. m. at the Jewish Community Center, 332 West Alejo Road.

Each Monday evening there will be two classes. Starting at 8:15 the course will be "How to Read and Appreciate the Bible;" and at 9:15 p. m. the group will analyze "The Making of the Modern Jew."

Leader of this exploration into Judaism is Rabbi Leon W. Rosenberg, a brilliant scholar with a wealth of experience in the field of Adult Education. For many years he was on the faculty of the University of Judaism and one of the most popular instructors in the fields of Bible, history, sociology and religion.

In the first course, the fascinating story of the writing of the Bible, its structure, message and meaning will be uncovered.

The course which follows on the same evening will be an evaluation of the major factors at work during the last four centuries which have left their imprint on Jewish life in America today.

The Rabbi emphasized that no previous background in either of these subjects is required. There are no qualifications for admission other than the sincere desire to learn something in the fields to be studied.

The classes are open to the public without charge. Registration will take place at the first session on Monday night.

Seventh-Day Adventists Hold Communion Today

The quarterly communion services of the Palm Springs Seventh-day Adventist church were held today at the 11 a. m. worship hour.

The title of the communion meditation was "So Humbly I Bow."

"As long as we have Christian homes, the nation will survive. No statesmanship on earth can save us from lawlessness and anarchy while the home is broken, forgotten, ignored, dissolved. When its homes are right the nation will prosper." This is a portion of the Voice of Prophecy radio program Sunday.

Richards, a well known broadcaster who for almost twenty-six years has been weekly entering the nation's homes with his Godly counsel, is sponsored by the Seventh-day Adventist denomination. The Palm Springs Seventh-day Adventist church announces that the Voice of Prophecy program and Richards can be heard each Sunday over station KCMJ at 10 a. m.

Dancing, games and swimming will be the order of the evening. The donation will be 50 cents, with refreshments included.

Cathedral City

Mr. and Mrs. Harvey Peterson of Desert Cove Ranch are at their cabin at Pinon Flats, coming to Cathedral City once a week until such time when Mr. Peterson will be able to return to the Ranch. Due to a slight stroke he suffered a few weeks ago he must stay where the temperature is conducive to his recovery.

The Petersons enjoyed an extensive tour of the country this past summer returning from New York via the Panama Canal. After disembarking at Port of Los Angeles they went to the home of their daughter and son-in-law, Mr. and Mrs. Bud Kelley in Monrovia. They also visited a few days with Mr. and Mrs. Frank Russell at their summer home in Crestline. Their many friends anticipate their return to the Desert.

Mrs. Kitty Tiner who sailed for Europe in June to visit her daughter and son-in-law, Capt. and Mrs. Don Kinser and the children, writes that they are touring Italy, Spain, France and other interesting places on the Continent, during his extended leave. She plans to sail for home sometime in November.

Among the new members initiated into Palm Springs Elks Lodge 1903 last Thursday night, was Mr. G. R. Benson (BEN) sponsored by Fred Hepler. Before entering into the Specialized Tuto Glass business, Benson was service manager for Stack Chevrolet in Palm Springs.

Wanting to be near their daughter and her family, they came to Cathedral City about three and a half years ago from Pitts-

burgh, Calif. When he was ten years old he drove a car for the first time, and since then has been associated in some facet of the automobile business.

He was formerly sales manager for Killough Studebaker in Pittsburgh and was an engineer for Bechtel Corporation, builders of the steam plant of electricity at Antioch, Calif.

Mr. and Mrs. Tom Donohue (the former Midge Sharp) returned from a month's visit at the home of Tom's parents in Beaumont, Texas. While her husband who is stationed at the San Diego Naval Base, is on sea duty, Mrs. Donohue will be at the home of her parents, the Ivan Sharps, on Moonlight Drive. In November she will join him in San Diego.

At the last meeting of the B. P. O. E. Lodge 1903, Alfred F. Patane was formally accepted as a transfer from B. P. O. E. Lodge 878 Elmhurst, Long Island, New York.

Mr. and Mrs. Earl Wilson have returned to their home on Bahada Road after a summer spent fishing at Twin Lakes in the Mammoth Lakes area. En route to the Desert they stopped in Banning for a few weeks to visit with Bob and Ruth Kiernan of Kiernan's Kiddies Dancing School.

Mrs. Genevieve Robinson is back with the Telephone Company after a six months leave of absence.

After leaving Meeks Bay at Lake Tahoe, Mr. and Mrs. Har-

ry Willis stopped at Corning, Calif., to visit with Bill and Clover Mauldin, owners of Rancho Trailer Park and then went down to Walnut Creek to spend a few days with their daughter and son-in-law, Mr. and Mrs. Bill Pomeroy and family.

Mrs. Willis is quite a fisherman, having caught two salmon, one sixteen-pounder and the other 39 pounds. Mr. and Mrs. Willis returned to their home in Rancho Trailer Park last Monday.

TODAY'S NEWSPAPERBOY IS TOMORROW'S LEADER

Because

HIS NEWSPAPER WORK IS HIS CONTACT WITH THE BUSINESS WORLD HE WILL FACE FULLY WITHIN A FEW YEARS. AND IT PREPARES HIM BETTER TO MEET LIFE'S PROBLEM BY:

Teaching him the meaning of dependability and responsibility. He soon knows that his customers expect to receive their newspapers regularly and on time, and he soon realizes that the full production force of the newspaper depends on him to see that the readers get the product of their labors.

Teaching him sound business methods which he can use throughout his life—salesmanship—how to keep books—extend credit—collect—manage money—increase volume. In a simplified form, yes, but adapted perfectly to the development of a teen-age mind:

Teaching him the value of developing good traits of character such as courtesy, thrift and honesty;

Teaching him how to meet people and hold his own, and to play and work successfully with his fellow men;

Teaching him that the American way to get things you want is to work to earn the money needed to purchase them;

Teaching him the value of education both at school and at home to enable him to be a real success.

AS AMERICAN AS APPLE PIE

There are a lot of sound reasons why the people of Riverside county should vote for Jacqueline Cochran Odum for Congress. First of all, she has been a resident of the county for 20 years. She knows the needs and problems of this county. Eighty per cent of the voters at the last Primary live in Riverside county.

Because she is an outstanding personality and has demonstrated her ability in many fields of endeavor, Jackie Cochran Odum will rise rapidly in political life. Her candidacy has already attracted national attention. There is every reason to believe that she will be a great credit to the district she serves. Moreover, she will be in a position to get things done for this district.

Jackie Cochran is the sort of a person who attracts admiration from almost any loyal American. She is a typical example of the opportunities which are held out to every citizen of this free land. Although she was born into poverty, with little to eat or wear, she showed that she had natural ability at the age of eight when she started to work in the cotton mills of the South. Neither poverty or hardship kept her from climbing rapidly in this land of opportunity; from a beauty operator to a nurse, to a business woman, to an aviatrix, to a rancher. She is as American as apple pie. She has served the land that gave her a chance with honor and distinction.

She Has A Platform

Mrs. Odum is not asking the people of this district to vote for her just because she has made a name for herself in these various fields. Her interest lies in how well she can serve her nation and her district. She is just about as sincere and enthusiastic a candidate as can be found anywhere. She has given a lot of thought to national and local problems and lets the people know just where she stands.

As one of the group which induced General Eisenhower to become a candidate for president, Jackie Odum has al-

ways been an ardent admirer and supporter for Ike. She favors the protection of existing water rights and development of new sources. On the farm question she is against fixed price supports; prefers flexible supports and soil bank. She will work for more market research and help to citrus, dates and perishable crops.

Mrs. Odum would encourage more business and industry in the 29th District, and believes in effective assistance to small business. She has stated that she will support collective bargaining and similar basic rights of labor; believes also that organized labor must recognize its responsibility to all the people.

The famous aviatrix favors more air service throughout Riverside and Imperial counties and thinks we should have alternate jet airliner bases in the desert area. She believes in the liberal aid to—and care of—veterans incapacitated by wars.

Confidence And Enthusiasm

Jackie Cochran has great confidence in herself. She believes that her past experience has given her a knowledge of the workings of the Federal Government that will be of great benefit to a member of Congress. She thinks that her flying and business contacts with leaders in many fields will be of great help to her also. These things give her confidence, backed up by the courage she has always had.

It isn't very often that a person of such wide experience and ability becomes a candidate for Congress. It is this District's good fortune that Mrs. Odum is willing and anxious to serve us and nation in this capacity. Her reason for becoming a candidate is that she believes with all her heart that the most rewarding opportunity for service is in the Congress of the United States—where a person can serve equally one's country and home country as well.

The vote for Jackie Cochran Odum next November should be an overwhelming one in Riverside county.

HARMON NICHOLS

Lighter Side of Washington

WASHINGTON — Producer-director Otto Preminger of Hollywood often goes to bed at night hating himself. Mostly because he has to get tough with star-struck young ladies who hanker to play the title role of Joan of Arc in a film to be produced from Bernard Shaw's "Saint Joan."

Seems there are thousands of undiscovered actresses in America and abroad who have their hearts set on playing Saint Joan. But Otto hasn't found one yet that suits him.

When he visited our town he already had looked at over 1500 lovely chicks.

"Out of this bunch," he said, "I saw 12 who had possibilities. The rest should go back and practice or just go back."

AT LENGTH, after a tour of Europe, he will have looked at over 3000 hopefuls. Only one of them will make the grade, if any.

Otto said he may have to go back and pick up an old pro.

Auditions were granted to some 30 or more hopefuls from the Washington area the other day

and included some that looked fairly fancy to me.

Gilbert Gardner, a young actor and stepson of the producer, was the straight man. Lights on, he sat in a chair in front of the little platform and gave his best with "We do not condemn thee to eat the bread of sorrow . . . according to the script, the girl was supposed to fight back."

SOME TOOK the advantage of a target, young Gardner, and read their lines like they meant it. Others gurgled a little in fright.

A few of the kids were asked to stick around for a moment and say where they studied drama and whether they had the courage to run through a bunch of heartaches until fame rapped on the gate. Otto's assistants took notes.

Others, before they finished their first sentence, fled in tears, and barefoot, too, since "Saint Joan" was a barefoot girl.

ONE POOR KID, cut off in the

middle of an inspired moment of great art, got clear to the cab stand without her shoes. Things like that are hard on nylons.

"I felt a little bad about it at first," Preminger said, "but this is big business. A man can't let his sentiments run off with him, you know."

The way Otto P. looks at it what Hollywood needs is some schools that will take in the young kids and finance some training.

"THAT'S WHY we are hitting the flatlands," he said. "If we find somebody who can fit the pattern of 'Saint Joan' we can help her along. Hollywood ought to support some schools. You can't trust an agent anymore. If you won't take their girl for a part, they won't turn her loose for another, or lesser part, which might be a break for her."

The picture business, the producer said, going on, needs some new faces.

"Some of the agents are freezing out some promising talent," he added.

You swat and you fret
And you fuss and you fume,
As you try to get
That fly in the room,
But you're never done
There's never just one
And they'll never be gone
With that stuff on the lawn.

But believe there is hope. Look at the weather. People talked about it for a long time without doing anything about it. They did.

They've been talking about flies, too, for a long time and maybe they'll try to do something about them one of these days.

But it seems all we are doing now is saying "Let us spray," and make like a home run hitter with the swatter.

I AM IN POSSESSION of a stone, which arrived by mail today from Sam Arner of Cathedral City in a package postmarked Grand Canyon. In an accompanying note, Sam wrote:

"This is a genuine 'gastrolith,' which is Greek for 'stomach stone of a Dinosaur.' It is between 120 and 150 million years old."

That should be close enough, give or take a few eons. Arner says the Dinosaur was the first Rock Hound. Picked up hard gem stones like agate, jasper and quartz to help grind his food.

Also the ugly beast was also the first lapidary and nature provided him with a "tumbling machine" to polish the gems.

Sam said he found many of these stones.

From 1550 flies to relics from Dinosaurs 150 million years ago is quite a jump in six or seven inches of type.

EMBARRASSING MOMENT was experienced by a local banker the other day after a story appeared in The Desert Sun concerning a woman who had opened the door of her parked car to find a man behind the wheel.

Following the appearance of the story, the Villager called police. The explanation was simple.

The woman's car was the same model and same color as his. He just climbed in and was wondering why the key wouldn't fit when the real owner appeared. Then he left.

He told police that he had already telephoned the real owner to explain the situation.

DON'T BE A BULB snatcher. It may get you on the police blotter.

Local peace officers rushed to a home on the reservation one day this week, called there by a report of a "stabbing."

It developed that one of the three women in the home had removed a light bulb from a bathroom fixture, to switch it to another socket.

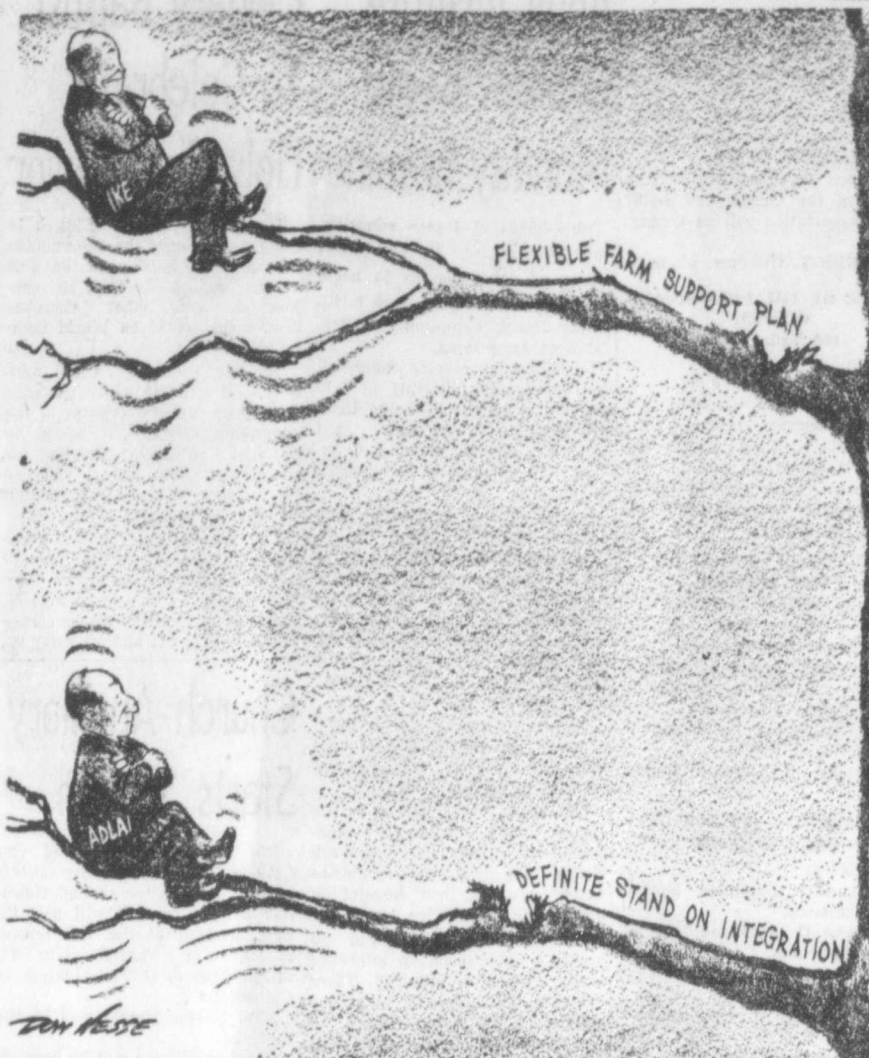

The other two women objected. One of them had come to the scene with a knife in her hand. In the argument and scuffle that followed, all three suffered slight lacerations. No complaints were filed.

The light bulb escaped unscathed.

Moral—don't be a bulb snatcher.

"DUTCH SHOE WITH HALF SOLE"

Two years ago, after a careless shoe clerk caught Dr. Schweine's shun in a measuring device, he got mad and started manufacturing his own shoes. They turned out so well he opened a small store on Eighth Avenue which he called "Tom McSchwein's Bootery," and he thought up a brilliant motto. The motto was "IF YOUR SHOES DON'T FIT I WON'T LET YOU LEAVE THE STORE."

It caught on right away, but at the end of the second week he had 254 customers milling around inside the store, and it got too crowded for comfort, so he came up with another brilliant idea that solved the problem. He changed his motto to "IF YOUR SHOES DON'T FIT, I WON'T LET YOU LEAVE THE COUNTRY."

Do you believe in reincarnation? If you do or not, listen to this tale of woe from a member of the so-called weaker sex.

"When I'm born again I have one wish and that is to be born a boy." I heard this in class years ago—this wish on the part of a female. At that time we were studying the Freudian theory or that of some other psychologist. If I remember correctly many a gal would like to be a man. And of the men who would like to be of the opposite sex—I care not to write one word. But back to this frustrated dame.

"First of all in school I want to pull all the little pigtails when the opportunity presents itself," she said. "And I know I won't cry as I did when I was a little girl. I'll laugh and have fun watching the weaker sex cry."

"WHEN I REACH the dating stage I'm going to go out with all the girls," this thoroughly feminine gal declared. "I'm just going to have me a ball. I'll break hearts here and there—and so what? I have learned that men do just that without a care in the world."

"And when I get married—at last and it will not be until the last—I'm going to be the boss in my house. When I come home from work I'll demand my dinner. I'll raise heck if there's a button missing on my favorite shirt."

"And when I want to go out at night, I'll just pick up my hat and take off. I'll stay as late as I wish and if I hear a peep out of my wife, when I'm born again as a man, I'll crown her or tell her to just hush her mouth. This and many other things I'll do when I'm born again as a man."

Well, there's many a man who can give her a few pointers on why the life of a woman is more preferred by him. All of the above may not look so funny in print but it struck me as about the most unusual and brought me sailing backward to my school days and text books on psychology.

WE CAN JUST ABOUT tell this little world of ours that Western Week expenses will be paid. I'm making this brash statement because we are more than three-quarters of the way toward the goal originally set. Of course, there are some pledges which still remain unpaid. We are banking on these to be so paid in order to reach the goal we have attained so far.

Jean Swift, public stenographer hereabouts, is in with her donation but in addition wishes the chairman to know that her services as a secretary are also available. That makes two gals who are willing to work, good ones too, Ida Keeney and Miss Swift. Thanks girls. I'm sure they'll be

coming around for some free work.

Got a thrill out of one donation for no other reason than it came from a resident of Cathedral City, Vona Goff. The note with the check read: "Here's to a bigger and better Western Week." Thanks Vona. In a sense I'm vindicated in my opinion that all surrounding communities should take an active part in all events that take place right here in Palm Springs.

CLIFF HENDERSON looking like a million came in to say farewell. He had planned to take a summer vacation but the sale of his Palm Desert stopped him. He will leave Oct. 28 on the Lurline for Honolulu in company with Ed McCoubrey. From there the two will fly to some of the South Sea islands and then on to Australia for the Olympic games. Homeward bound they will stop in Manila, Hong Kong and Tokyo.

But Cliff also announced, but not until I informed him I knew, that he had bought 30 acres of land in Thermal. He said the widening of Highway 111 there will practically remove the business district in that community and he plans to build there a brand new city. I'm betting he'll do a good job just as he did in making Palm Desert what it is today.

A FAN FROM Fairbanks, Alaska, Dr. Merrill L. J. Forrest, writes that Unedited reaches him two weeks late by regular mail. There is nothing I can do about that or can I Uncle Sam? The doctor loves Palm Springs. "Spent 1954 here and I'm praying for the day I can sell out up in this frozen country and move to the loveliest spot in the world, Palm Springs." We're waiting, Doc.

Phil Zanville's wife, Ruth, has a thing or two to say about Bermuda shorts desired by the senior class at the high school and frowned upon by that school's principal. "After having walked through the campus grounds many times and looking with horror at what the male student wears, I feel Bermudas are far more dignified and certainly to be considered a well dressed outfit. It is far less distracting to see the knees than to walk in front of or behind a male whose jeans apparently are only being held up by the imagination. I fight my strongest impulse to rush up and pull the pants where they belong, and if need be, hand him a couple of safety pins. Bermudas are not strange in our community. They add a certain dignity and class to the campus. Let's do away with the low-slung, sloppy jeans and sanction the neat Bermudas."

And that's a woman's view point and without a doubt a good view at that, any way one may look at the subject.

EARL WILSON:

Ben Hecht Kills Hollywood

NEW YORK — Wearing his customary uniform of black bow tie and brown cigar, Ben Hecht, 62-year-old child of the century, sat in the Club 21 happily framing an obituary of the little town of Hollywood.

"It's a dying duck," he said satanically. "It's laid out in stone."

"Due to TV?" I inquired.

"Due to itself! Due to movies. You can sell beer just so long. Eighty per cent of the movies are made for the dime-novel trade. But people are educated beyond that point."

The rebellious Bard of Nyack pronounced the last rites with confidence that the corpse would rise again. "What about the effect on the great film moguls?"

"They've learned to play gin rummy through it all," he shrugged. "This is the time for the artists to step in—but Hollywood hasn't developed any artists. Our generation changed—but the movies didn't."

"What happened to the writers?"

"Don't you know? Prose is passe like beadwork."

A light came into his eye. "The poet of today is a scientist. The poet of my day spoke of the beauty of the moon and the stars, but the new poet tells you what they're made of and what they weight."

"The moon used to be far away, but it's a whistle stop now. Nineteen hundred miles an hour! Where are they going so fast? It's like building a motorcycle to cross the street."

"If you were a young journalist today, what pranks would you undertake?"

"You Make It Up. We always made it up. I'd avoid politicians. They bore me. The best of them are dummies and the worst are picknoses."

"How are you and England getting along now?"

"I surrendered, but they're still shooting. I'm the only country they can lick."

I thought to ask just what occupies him now and he mentioned a play about Maxwell Bodenheim, a book about his late collaborator and fellow prankster, Charles McCarthy—and a Hollywood movie based on Ernest

Hemingway's "Farewell to Arms" for David O. Selznick.

"Hollywood?" I said. "I thought you didn't like Hollywood."

"Selznick," he quickly explained, "is a high class boss. Most Hollywood bosses are just off the pickle-wagon."

"Do you ever fight with him?"

"No," Ben Hecht said. "You never fight with a man of intelligence—especially when he's overpaying you."

WINI BEATTY, whose hit record career was started at Howard Manor, will be the featured attraction there with her Trio, at the opening night for the fall season Wednesday, Oct. 10.

Wini Beatty Returns to Scene of Start To Top, to Open Howard Manor, Oct. 10

Blonde and statuesque Wini Beatty, whose booming record career was born right here at Palm Springs' Howard Manor, will be the opening attraction in Bob and Andrea Howard's romantic Manor Room when the fashionable desert resort rings up the curtain on its 1956-57 season Wednesday evening.

There is a decided new look to the current Wini Beatty act. This time she's bringing her own trio, known as the Wini Beatty Trio, to Bob and Andrea's smart dining and dancing spot.

The trio's instrumental numbers for dancing and just plain pleasurable listening, will be interspersed with solo warbling and piano artistry featuring Miss Beatty's specialty — songs based on lamented love. An album she has made of those renditions for Key Records, by the way, has won her fame as the "Losers Weepers Girl."

It was during an engagement at Howard Manor two years ago that Wini developed the special talent for selling a song dealing with frustrated romance. She was advised at the time to concentrate on this technique. She did and it proved to be the turning point in

Former Assessor Sentenced for Theft

SANTA BARBARA — Former City Assessor Richard Marquis, 38, year-old father of six children has been sentenced to serve one to 10 years in prison for embezzling public funds and making false tax records entries. Superior Judge Ernest Wagner denied an appeal by Marquis' attorney for a new trial on 16 felony count.

her career, leading to her lucrative contract with Key Records.

Miss Beatty is a native of Arkansas, but received her education in Southern California schools. Her musical career was launched while she was an undergrad at Fullerton Junior College.

Disk Jockey Al Jarvis heard her and opened the door to her first exposure to radio as a singing pianist. This led to her first waxing experience as a jazz pianist.

He will succeed former Rep. Wesley A. d'Eward R-Mont, who failed to get Senate confirmation in the job. In the position, Chilson will supervise public land activities of the department.

Knowland Calls Adlai Too Naive

BELOIT, Wis. — Senator William F. Knowland R-Calif. called Adlai Stevenson too naive to be President.

Knowland in a speech said Stevenson's proposal to halt H-bomb tests indicated that the Democratic nominee was naive. He said that Russia had violated nonaggression pacts before and would do so again.

Around Town

with Hildy Crawford

Something tells me that next week . . . will be a busy week in Palm Springs . . . and I get this from a dependable source . . . the calendar . . . For this coming week, most of the big places, not already open, will hold their openings . . . This is always a fun time . . . with everyone making the rounds . . . Wednesday is the date for Howard Manor, Desert Inn and LaPaz . . . Thursday, Don the Beachcomber, the Oasis and The Dunes, which is looking mighty smart with its new rock front . . . and on Friday the Racquet Club and El Mirador open their doors . . . So, keep your date book clear . . . and I'll be seeing you around town . . .

Glimpsed Charlie Farrell and Gus Kettmann . . . driving along Palm Canyon Drive in Charlie's white Thunderbird . . . which reminds me that the Farrells are back in their Palm Springs home . . . after summering at LaJolla . . . and getting ready for the Racquet Club opening on October 12 . . .

Two days earlier . . . the Howard Manor's green lights will give the green light to another winter season . . . and this gives me an opportunity to try out the latest Howardism . . . I am told that it was inspired by son Bob Jr.'s collection of lizards . . . Anyway Bob says, and I quote: "When a lizard meets a lizard in Palm Springs . . . you can always count on one of them slithering around in the sand . . . and exclaiming 'Long time no sea' . . ."

Our Zaddie bought a new plane this week . . . a four passenger Navion . . . and, of course, she has dubbed it Rocking Chair II . . . I just love this . . . Zaddie, who makes the boys in their Jaguars and Thunderbirds look slow . . . zooms around in her new-fashioned rocking chair . . .

One of the big early events . . . as it was last year . . . will be the Silver Spurs Ball at Desert Inn . . . Sponsored by Nina Anderton, the philanthropic event (all proceeds will go to the Hollywood Hospital Cancer Clinic) will be held on Saturday, October 27 in the main dining room of the Inn . . . Invitations went out this week to 400 prominent Southern Californians . . . Members of the Nina Anderton Foundation include Dr. Hugo Kersten, head of the Hollywood Presbyterian Hospital Cancer Clinic; Dr. Charles Carpenter, head of the Infectious Diseases Department at UCLA Medical School; Dr. Stanford Warren, dean of UCLA Medical School; and Mrs. Arnold Kirkby . . .

Mr. and Mrs. Russ Jennings (he is owner of Jennings Sherry Company) of Los Angeles, were celebrating their 29th wedding anniversary at the Doll House the other evening . . . Frequent visitors to Palm Springs . . . the Angelinos were headquartered at Rose Villa . . . where the owners George and Jo Farmer, were also celebrating their 29th anniversary on the same day . . .

George Goldberg, who has been in retreat at his 160-acre ranch at Palm Desert . . . leaves this weekend on a business trip to Chicago . . . George is president of the Midwest Hotels, which has headquarters in Chicago . . .

Cahuilla PTA Chuckwagon to Be October 17

Board of directors of the Cahuilla P-TA made plans for their annual fall dinner meeting, when they held their executive session this week.

This will be a chuckwagon dinner, catered by Jack Boyer, in Tamarisk Park on Wednesday, October 17, at 6 p.m. Arrangements have been completed to have a full moon that night, and there will be an entertaining program. All members and prospective members of the Parent-Teacher Association of Cahuilla School are invited. Room Mothers, in charge of the ticket sale, will contact each parent.

Staging it at the Doll House the other evening were Milt Hicks and Bill Worthing . . . Maggie and the Hicks' children are expected back from Denver any day now . . .

Hortense Murray of 1457 South Calle Rolph, returned recently . . . after three months down along the coast in Long Beach, Laguna, Del Mar, San Diego and Beverly Hills.

Aileen Hagerty (my predecessor on the Sun) writes from Walnut Creek that she and her niece Gladys Keyes . . . plan a Las Vegas visit about mid-October . . . and will stop in Palm Springs a couple of days on their way home.

Ruth Hardy has done it again . . . Each year I am just sure she won't be able to top former announcement cards for Ingleside's opening . . . but somehow she always manages to do it . . . This year it's a handsome aerial photograph in color of the spacious grounds and picturesque buildings of Ingleside . . . which will open October 26 for its 1956-57 season.

Swim Party Fetes August Birthday

Following a custom, of several years' standing, of celebrating her August birthday in September after school starts, Pamela D'Auvray will be hostess at a swim party tomorrow afternoon at the home of her parents, Mr. and Mrs. Graham Dexter at 1915 El Oro Way.

Swimming in the Dexter pool, will be followed by a hot-dogs-and-baked-beans supper around the pool.

Among the guests invited to Pamela's birthday party are: Sue and Nancy Hutchens, Karen Burnham, Carol Sage, Caroline Colegate, Ruth Marie Samson, Donnie Fry, Robin Duvall, Lynne Coffman, Pam Gilbert, Patty Strada, Sue Henwood, Donivie and Jackie Ellison, Julie Ann Stiff, Sandra Vines, Lynn Lowry, Pam Tackett, Sue Waller and Kenny Jean Fox.

Skins of ripe tomatoes and peaches will slip off easily if the fruit first is scalded for one minute, then plunged into cold water.

"Hellzapopping" Gags Add To Fun of Kiwanis Luau

Kiwanians took over the Ranch Club Thursday night for their annual luau, with more than 200 in attendance, and it was a fun party from start to finish.

The luau table was laden with festive dishes; the music was in the mood; and the entertainment was well-planned and pleased the audience. "Hellzapopping" gags, when Emcee Bob Paxton opened the show, enlivened the evening, with each interruption bringing delighted howls from an appreciative audience.

Stan Jaloff of the Beachcomber shops, presented a style show of fashions from Hawaii, that was both appropriate and beautiful. Barbara Foster, Myrna Stuart Stone, Peggy Paul and Frances Manington modeled the clothes.

A real hit was a trio of Hawaiian dancers, Mari Anne Williams, Ardeli Ford and Barbara Finerman, doing "Little Brown Gal." Each girl also did individual dances, and their instructor Marta Scott danced.

The Kiwanis Quartet, Bob Paxton, Gerry Mitchell, Hugh Givens and Dr. Andrew Fitzmorris sang

the Hawaiian War Chant and other numbers, and Hank Gogerty did his fabulous and unbelievable Cockeyed Mayor dance, concluding with a brand new dance he learned this summer in the Islands.

President Bill Ford and Luau Chairman Don Goundry said they were very pleased with the success of the luau which is a money-raising event for the Club's welfare fund.

Fifty members, all graduates of UCLA, USC and Stanford, are expected to attend.

Toastmaster Club Holds Installation

With Area Governor Larry Hochguertel of Riverside, as installing officers, Fred Nitchy was installed as new president of Toastmasters Club Thursday evening at a dinner meeting at Del Tahquitz.

The slate of new officers installed also included: Bob Davis, educational vice president; Bert Wade, executive vice president; Dean Gilchrist, secretary-treasurer; Lester Hurst, sergeant-at-arms; Elden Pack, assistant sergeant-at-arms.

Toastmaster for the evening was Ed Hawkins, with Clarence Brechlin in charge of table topics. Elden Pack spoke on "Socialism Cannot Win," and Dean Gilchrist on "Voting is Our Privilege."

Paul Payne, retiring president, presided at the meeting.

"Festivales" Current Play At Padua Hills

"Festivales," which is comprised of colorful portions of festivals as they would be seen in three distinct sections of Old Mexico, is the current production of the "Mexican Players" of Padua Hills Theatre in Claremont.

The first part of the presentation is representative of the fiesta in Veracruz, the second phase of their portrayal aligns with the theme and setting of the fiesta as it would be witnessed in Chihuahua. And the last portion of the beautifully ornate and realistic "Festivales" stems from Oaxaca and Tehuantepec in the State of Oaxaca.

According to Eligio Herrera, director of the players and their world renowned presentations, the fiesta or festival in each section of Mexico is uniquely different and usually coincides with the terrain, and other characteristics of the area. This identification runs through the music, costumes and entire festival.

The theatre is open Wednesday through Saturday at 8:30 and for Wednesday and Saturday matinees at 2:30 p.m. Reservations may be secured by calling Lycoming 5-1288.

Fabric Headboards New Decor Device

Fabric headboards shown with box spring and mattress combinations are the newest decorating trick.

John and Earline Brice, a young interior design couple, used a sheer print, gathered on brass rods and hung on the wall above the bed to form a "headboard" with canopy top in a recent fabrics exhibit here by the Celanese Corporation. The headboard was made of a fortisan sheer print, and the same fabric was used to cover lampshades on the bedroom night-tables.

BIRTHS

First October birth at Desert Hospital was a baby girl, born to Mr. and Mrs. Homer Neil of 4084 Calle San Raphael, on October 1. The baby weighed six pounds seven and a half ounces.

On October 2, a son, weighing six pounds 15 ounces was born to Mr. and Mrs. Gil Avanzado of 444 North Indian Avenue.

Meringue Tops A Cantaloupe Dessert

Delectable for summer dessert—cantaloupe combined with fresh berries and wine, and topped with meringue.

Here's how to make cantaloupe frascali:

Cut the melon in halves and remove seeds. Fill each half with 1/2 cup raspberries or strawberries. Sprinkle with 1 tablespoon of sugar and a little California sherry. Cover with waxed paper and chill for at least 1 hour. Cover with a 2-inch layer of meringue spooned on lightly. Bake at 400 degrees until lightly browned, or about 5 minutes. Serve at once or chill again until ready to serve. To make the meringue, beat 3 egg whites with a dash of salt until the whites are frothy. Add 6 tablespoons of sugar, a tablespoon at a time, and continue beating until the whites are stiff and glossy.

BOOKS

Two recent imports from Europe have similar characteristics: both books are essentially well-written, valid novels; both are too slender to sustain their length and reader interest.

Jean Dutourd's Five A.M. (Simon and Schuster) reads like a Proustian story told by Thurber; a 30-year-old insomniac bank-clerk lies awake at five in the morning reviewing his wasted life. Dutourd seems to have been motivated, in writing this chapterless, uninterrupted succession of random thoughts by a poker-faced sort of irony that leads to perfect honesty in the recreation of his hero's mental meanderings from God to gas pains, time to tailor bills, money to mistresses. Regrettably, the poker-face is too rigidly maintained, missing thereby a good deal of the satire that was Dutourd's probable intention.

Ilías Venezis, one of the foremost Greek novelists of the contemporary scene, has an entirely different story to tell in Beyond the Aegean (Vanguard). His intention—and he succeeds admirably—is to recreate the pastoral untouched life of the province Anatolia at the start of the first World War. Pastoral, a paean to the land, to a simple, unspoiled, open-hearted way of life: all these things it is. But it is also too far removed from our Atomic Age to hold its reader, and the final scenes of the Greek expulsion come rather more as a relief than as the tragedy they should be...

MOBILE HOME PARKS

By VIRGINIA DAVIS

All mobile parks are very busy at this time parking trailers as they are rolling in by the hundreds. Rancho reports the arrival of about a hundred Saturday, and Sahara says they were lined up from the office to the driveway on the same day.

Most of the Parks have scheduled "Open House" parties early in the month for the guests.

Horizon Park

Horizon celebrated the opening of their restaurant Monday evening with a dinner at which about 40 were present. Herman and Agnes Keel are operators of the restaurant.

Ruth Knudsen is assisting Rose and John Caniff now at the grocery store. Many new added improvements have been added to the store including new freezers and refrigerators. A new meat department has also been added.

COL. GRAEME BOND has been visiting his son and wife, Mr. and Mrs. Bill Bond the past few weeks. Col. Bond is from the Pepperal Air Force Base in New Foundland, where he was stationed for 26 years.

A farewell potluck dinner hosted by the Park and honoring the Van Lohns Thursday evening was attended by all residents of the Park. The Van Lohns are leaving for a month's stay with their daughter and family in Baltimore, Md.

More recent arrivals at Horizon are: The Barkers, McCloyes, Van Deusins, Carpenters, Osters, Edwards, Connors, Penders, Clair Parker, Gail Oliver, Lindstroms, Alice Powell, Porters, Wilsons, Loves, Sternbergs, Roushkolbs and Days.

Blue Skies

Mr. and Mrs. Harrison Heath, Jr., have been named the new managers of Blue Skies Trailer Village, it was announced this week.

Their daughter Rosemary Heath, graduate of Palm Valley School will act as social and recreational director, and is planning a seasonal program of teas, fashion shows, cocktail and bridge parties.

New arrivals at Blue Skies are

Mr. and Mrs. Hugh V. Griffiths of Portland, Ore., who are here for a week's stay. Mrs. Griffith was awarded this interesting vacation when she wrote the winning essay in the recent Oregonian Northwest Magazine's Trailer Living contest.

The managers selected a lot on which a "Cadillac pink" trailer was set up for the guests. After several days of relaxing, sunning and swimming, the Griffiths will pose for keepsake pictures; dine at the Doll House; and meet some of movieland's celebrities, who frequent Blue Skies Trailer Village.

De Luxe Park

Every day we hear often of old familiar call—"John, a trailer is in," and they know the season is on, with the old and new residents arriving, and many will be present for the October activities which are scheduled as follows:

Square, round and pattern dancing three nights a week, Wednesday, Thursdays and Saturdays the featured square dance night to which guests from other Parks are welcome to attend. Art Henderson will be one of the callers, assisted by guest callers throughout the season. The "Open House" dance will be Saturday, Oct. 13, open to other Parks and public.

Hobby Exhibit will be held in the craft room Friday, Oct. 19, at which time outstanding articles made by the residents of De Luxe will be selected for entry at the Trailer Rally Hobby Show.

Other events are: Trailer Rally Hobby Exhibit at the Polo Grounds, Sunday, October 28, at 4 p. m. in the auditorium. Halloween Party and dance Monday, October 29, 8 p. m.

Among the early arrivals for the season are Alvira and Dave Evans. The Evans

Len and Katherine Stewart had an interesting sight-seeing through 13 states covering 9000 miles yet found time for seven weeks stay in Yellowstone for rainbow trout fishing in Yellowstone Lake, where he says the fishing was excellent.

Mrs. Stewart's sisters, Mrs. G. D. Adams and Miss Lilian Barrett, accompanied them as far as Yellowstone, then returned to their home in Pomona.

Dell Ferris visited her daughter, Mrs. Mearl Holman, in Ely, Nev., and then went to Reno for a visit with old friends, Len Wilbur (noted portrait artist) and his wife, Marie. In Stockton she visited with her brother and family, Mr. and Mrs. W. E. Hallmark, taking in many surrounding points of interest. En route home she attended the annual Danish Festival at Solvang, arriving in time to join them in one of their famous Aebleskive breakfasts.

Climaxing her vacation with some good shows in San Francisco and seeing the 1957 Ice Follies, Dell says "don't ever think you have to leave California for scenic beauty and interesting things to see."

Recent arrivals at DeLuxe are: Jim Pearson, Dorothy and Walter Ostring, Carl and Glada Kirkpatrick, Paul and Vivian Hopkins, Hilda and Frank Lent, Mr. and Mrs. Jack Hanson, Mr. and Mrs. Wilkes, Blanche and Percy Morris, Evelyn and Eugene Cox, Mrs. Alice Snider, Mrs. Paul Jackson, Mrs. Pauline Solomon, Mr. and Mrs. Herbert Russell, Mr. and Mrs. Clay Morrow, Betty Gates, Mrs. C. Tramview Park

Tramview has made many improvements in the Park this summer, including blacktop on all the streets and featuring a divided driveway at the entrance.

A large and interesting program of entertainment is scheduled for the season, with dancing three nights a week to the Ward and Lillie Strickland's orchestra Saturday nights, Lee Mathias calling, Osa Mathews will be the caller for the Wednesday night dances.

Tramview has a very fine Park orchestra—all volunteers, which will furnish the music for the round dances Thursday nights.

Progressive card games will be held Monday evenings; Tramo Tuesday evenings. Other entertainment will be potluck dinners, community sings, picture slides, hobby show and holiday parties.

TRAMVIEW HAS seven shuffleboard courts, which gives them the highest ratio of courts to spaces in the entire area, and many of the tournaments are played off at Tramview. Ernie Meadows, manager of shuffleboard activities, says he is looking forward to another big year at shuffleboard and hopes Tramview will be able to repeat their win of last spring in the Inter-park shuffleboard tournament.

The shuffleboard program will start about the middle of October with Men's tournaments Wednesdays, ladies on Fridays, and a mixed game Sunday afternoons. The management will again award trophies for the top players.

Co-captain "Dutch" Fritcher will return about Oct. 15. Other co-captain, Al Camp and his wife, Mary, are joining the Frank Wilsons on a round-the-world tour and will not be at Tramview this season.

Poor Dinner?

SPOKANE, Wash. (AP)—William Harris told police he took a friend into a restaurant and bought dinner for him. After the meal, the friend said he had to go out to Harris' car. When Harris went to the car moments later, two hand-tooled leather bags valued at \$100 were missing. So was the friend.

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK Oct. 6 (AP) — The quiet man's bat was roaring its answer today to four years of heart-breaking frustration.

Big Gil Hodges back in 1952, "couldn't buy a hit" as he went hitless in 21 times at bat against these same New York Yankees. But this time around in the World Series, it's a far different story.

For big Gil's hitting won the first two games to put those once-lauding Yankees into a deep, dark hole.

The current series batting feats of the six-foot, two-inch Hoosier are amazing in comparison with his inability to hit for four years ago. Because after two games he is batting .714 with five for seven—on a homer, two singles and two doubles—has scored four runs and knocked in seven.

AND THOSE SEVEN R.B.I.'s put him only two away from the immortal Lou Gehrig's all-time series record of nine set in 1928.

"It's probably safe to say," said Hodges, who won the first game with a three-run homer and the second with a pair of two-run doubles. "You can't ever tell in this game because you're a hero today and a bum tomorrow."

Big Gil is working that time-worn adage in reverse.

Four years ago, Gil hit the bottom of the barrel after his miserable World Series.

"I can't tell you how terrible I felt," he recalls. "But the fans were great. They sent me a lot of encouraging letters and sure made me feel better about the whole thing."

HE FELT EVEN BETTER today because, in comparison with 1952 when he "couldn't hit a baseball with a bull fiddle," Gil now is hitting everything they throw at him. The first of those doubles yesterday came off a curve ball and the second against a sinker.

Even more significant, those hits came off right handed pitchers. Gil's homer in the opening game was against lefthander Whitey Ford but, in looking back to 1952, it was the Yankee right handers who handcuffed the big man. So yesterday's production of three hits or four R.B.I.'s and his two runs scored were, as he phrased it, "something to make me feel pretty good."

But the ever-mild Hodges isn't making any wild claims.

"Any time I get to feeling like I'm a hero," he chuckled, "all I have to do is think about 1952. It'll take a lot of hitting to make up for that one."

Yet, if he keeps going the way he is, the Dodgers will be glad to call it square.

Troy Only PCC Team Favored in Big Ten Clashes

By SCOTT BAILLIE

United Press Sports Writer
SAN FRANCISCO (AP) — Well, if the Brooklyn Dodgers can spot the Yankees six runs then roar back to outslug 'em, why can't the Pacific Coast Conference haul off today and do the same thing to its Big Ten tormenters?

In fact, the Midwesterners actually enjoy "only" a margin of four in its gridiron series with the PCC so far this year—even if it is four games and not runs. So the coast could pull even—providing it pulled off three upsets while one game went according to form.

And it actually could pull ahead intersectionally if California, a six point underdog, upset Pittsburgh in their cross-country battle. A victory by College of the Pacific over Cincinnati also would help.

Right now, however, the coast's chances look slightly bleaker than Brooklyn's did Friday after one and a half innings.

The only top Pacific team favored in today's games is Southern California, which is rated a one touchdown edge over Wisconsin. Midwest and eastern power is expected to predominate the rest of the way like this:

Ohio State 13 over Stanford, Illinois 6 over Washington, Iowa 12 over Oregon State and Pittsburgh 6 over California.

Carey Placed on Ram Reserves

LOS ANGELES (AP) — Coach Sid Gillman of the Los Angeles Rams placed Bob Carey, former Michigan State end, on the injured reserve list last night in an effort to trim the squad to the legal 33-man limit by next week.

Carey injured his knee in 1954 and sat out most of that season and last year. The knee appeared to have healed after an operation last spring, but team physicians felt that a month rest on the injured list might restore Carey to full service with the team.

The big end was the Rams' first draft choice in 1952.

INDIANS DROP RCL OPENER, 13-0

GIL HODGES, second from left, was the batting hero of the second game of the World Series Friday but the other members of the Brooklyn Wrecking Crew, Duke Snider, left, Roy Campanella and Carl Furillo also helped in the debacle. (International)

Instill Bums 13-5 Favorites To Win 1956 World Series

NEW YORK, Oct. 6 (UP)—Those slugging Brooklyn Dodgers were 13-5 favorites today to hand the New York Yankees the most one-sided World Series trouncing in their proud history.

Two up with two to go after the stadium in the 1955 World Series. But they had no choice after yesterday's tremendous Dodger slugging outburst against a record total of seven Yankees pitchers except to install the defending world champions as top-heavy favorites for the entire Series.

MAN-TO-MAN ODDS listed the Yankees as 7-5 picks in today's third game but favored the Dodgers at almost 3-to-1 odds to win their second straight world championship. The 1955 Dodgers were the only team ever to lose the first two games of a seven-game Series and go on to win the championship.

The experts were stringing along with the Yankees in today's game because Ford, a 19-game winner this year, beat the Dodgers twice.

CV Amateur Starts Local Golf Season

C V AMATEUR 36-3

The 1957 winter golf season gets under way today with the Fourth Annual Coachella Valley Amateur tournament at Tamarisk Country Club.

The event, starting today, will be concluded tomorrow and will cover 36 holes of medal play. Ellsworth Vines, Tamarisk pro, is in general charge of the tourney and said that 100 golfers will tee off in the event.

THE FIELD will be divided into two flights, scratch to 13 handicaps and 13 and over. Awards will be made in low gross and low net classes in each division. Play got under way at 8 a.m. today.

Johnny Dawson is the defending champion and others listed as strong contenders for top honors are Milt Hicks, Ross Clarke, Jack Tooke, who won the Tamarisk Club championship last spring, and Gail Cave, holder of the club's senior title.

THE TOURNAMENT will mark the opening of all of the club's facilities for the new season. Play has been available all summer.

Vines announced plans for further improvements of the course which is now in fine condition. The club pro said that about \$20,000 will be spent in reseeding the fairways for full year's play. Lou Halper, chairman of the greens committee, and Paul Adessi, groundskeeper, are in charge of the improvement program.

Dr. Robert Backstrom is tournament chairman at Tamarisk with Claude Freeman, handicap chairman.

Harry Drewery is club manager.

San Jacinto Overpowers Local Grids

Redmen Rally in Second Half But Fail in Come-Back

By LINDSAY NIELSON

The RCL record of the Indians was marred last night when Coach Ballagh's Redman went down to defeat before the San Jacinto Tigers, 13-0. San Jacinto's speed and with Larry Rodriguez leading the running attack, was the difference.

Rodriguez, who only weighs 150 pounds, played fullback. When his legs started churning, he was as elusive as a rabbit. Many Palm Springs tacklers can verify the same.

THE TIGER'S first touchdown culminated a 75 yard drive in seven plays. San Jacinto's aerial attack was extremely successful. They used short flat passes that were caught in a breath taking manner. The play prior to the TD play was a 25-yard pass and run, which set Rodriguez up for a 17-yard sprint to pay dirt. In his march into the end zone, he evaded three Indian tackles by reversing his field.

Palm Springs managed to break up the conversion try and the score read Palm Springs 0; San Jacinto 13.

ON THE KICK-OFF Gene Prieto charged up the middle on a 13 yard return. But it was to no avail, for the Indians lost the ball on downs. San Jacinto struck back with a 21-yard pass and run combination. The Tigers were threatening once again. But the Indians recovered a San Jacinto fumble and took over on their own 12.

In the second quarter it was a see-saw battle. Dawson Hayward, one of the co-captains for the Indians intercepted a Tiger pass and romped for six yards. In the next play, Leroy Segundo, a sophomore fullback, rammed his way to the San Jacinto 43 yard line for another Indian first down. This drive was lost to downs and the half-time score remained 6-0 San Jacinto over Palm Springs.

WITH THE RETURN of the players in the second half, there was no action until the fourth quarter. Here Rodriguez galloped to the Indian 3-yard line by shifting his speedy self all over the field. This set Joe Irlanda up for the TD. The conversion was good and the score jumped to 13-0.

The Indians never threatened after that, but the most successful Indian play came when Gene Prieto passed the pigskin to Joe Chaisson for yardage of 21.

The final score, once again, was 13-0, San Jacinto.

Bayer Increases Lead to Three

SAN DIEGO (AP) — George Bayer of Grossinger, N.Y., lengthened his lead to three strokes in the \$15,000 San Diego Open yesterday, with an eagle-aided 66 giving him a total of 131 for the first 36 holes of play.

Mike Souchak ranks second with a 134, coming in with a 67.

Gene Littler, pre-tourney favorite, took a seven on the 207-yard par three hole, and had a 73 in yesterday's action for a total of 140.

Wade Promoted to Starting Ram QB

LOS ANGELES (AP) — Bill Wade's sparkling performance in the Philadelphia game last Sunday has earned him the No. 1 quarterback role for the Los Angeles Rams, displacing Norm Van Brocklin, but only for as long as "he continues to deliver," according to Rams Coach Sid Gillman.

Couple of Indians: One on Way Out; Other in?

THAT NICE GUY pilot of the Indians, Al Lopez (left), who finished second again, is looking for another baseball job after resigning as Cleveland bench boss. The No. 1 choice to replace him is another Indian manager, Kerby Farrell (right), former White Sox infielder who has won two pennants in three years at Indianapolis, which has been a Cleveland farm outlet. Courchesne and Cotero Feature Hollywood Card

HOLLYWOOD (AP) — Bobby Courchesne, featherweight and lightweight champion of New England, makes his Southern California debut tonight at the Hollywood Legion Stadium in a scheduled 10-round bout with Joe Luis Cotero.

On the basis of his record of 45-5-2, the 21-year-old Holyoke, Mass., fighter was a 10-8 favorite to whip Cotero, who agreed to meet Courchesne when Irish Tommy Bain hurt his elbow in a gym accident.

The New England champ won five of his six fights this year.

Cotero, 22, has a fine left hook, but his record of 28-9-5 falls far short of his polished opponent. He has won three of his four fights this year.

Winnipeg Warriors Even Hockey Series

PHOENIX, Ariz. (AP) — The Winnipeg Warriors evened their exhibition hockey series with the Seattle Americans last night by downing the latter team 4-2 at the Phoenix Coliseum.

Bruins Edge by Oregon For 17th Straight PCC Win

LOS ANGELES (AP) — The weakened UCLA Bruins clung to a record of 17 straight wins in three years of Pacific Coast Conference play today after slipping past the University of Oregon, 6-0, in Memorial Coliseum.

The Bruins' one-touchdown win Friday night was their seventh straight over the Oregon Webfoots. UCLA has not been defeated in PCC competition since Stanford won in 1953.

But, the team fielded by UCLA Coach Red Sanders was a shadow of the Bruins who dominated PCC football for the past few years. A tough Oregon line blunted all of UCLA's touchdown drives as they neared the goal line.

SEVEN OREGON fumbles, four of them recovered by UCLA, were the key to UCLA's victory. The Bruins' touchdown in the fourth quarter was the result of a fumble by Oregon quarterback Jack Crabtree who dropped the ball when UCLA captain Don Birren hit him with a smashing tackle.

Substitute end Dick Wallen recovered, and on the second play from scrimmage Bruin sophomore halfback Don Long went around end for the lone score of the game. Long gained 88 yards for an average of 6.28 yards a carry, but despite his brilliant performance, UCLA couldn't muster enough drive to push through the tough Oregon defense.

THE BRUINS got inside the Oregon 10 in every quarter. Oregon stopped UCLA drives on the 1, 7, 7, and 10 as the Duck line of end Phil McHugh, guard Harry Mondale and guard Spike Hillstrom dug in and held.

Oregon threatened early and late in the game. Halfback Jim Shanley took the opening kickoff and raced 88 yards to the UCLA one, but the run was called back because of a clipping penalty.

The, in the closing minutes of the fourth quarter, the Webfoots got into scoring position on a 40-yard pass from Crabtree to halfback Hank Loumena, only to lose

Hundreds Cheer As Australian Net Star is Married

BRISBANE, Australia (AP) — Australian tennis star Ken Rosewall was married today to Wilma McIver of Brisbane in a Hollywood-type setting at the St. Johns Church of England Cathedral.

More than 2,500 spectators—some clinging to fences and hanging from tree branches—cheered the couple as they posed for a battery of press, newsreel and television cameramen.

Wimbledon champion Lew Hoad and Davis Cup captain Harry Hopman were among the 150 official guests.

the ball when UCLA intercepted a pass.

Statistically, the Bruins dominated Oregon in almost every listing, making 207 yards rushing to the Ducks' 89 and completing eight passes to the Webfoots' three.

Bank of America Again Offers School Awards

Manager Fred Ingram of Bank of America's Palm Springs branch announced today that again this year the statewide bank is offering its Achievement Awards program, under which \$44,900 in cash prizes are awarded annually to outstanding California high school seniors.

Ingram said approximately 560 high schools with more than 125,000 senior students enrolled are expected to participate.

In addition to 372 cash awards ranging from \$25 to \$1,000 there will be more than 5,000 trophies, certificates and ribbons.

In the program's nine-year history, awards totaling nearly a quarter-million dollars have been made to more than 1,000 young persons. Winners may use the money for any purpose, but Ingram said experience has shown that most of them defray college expenses with it.

The program's purpose, he added, is to honor scholastic achievement and citizenship and promise of service to society.

The selection process begins with the high schools themselves in February. School winners then advance to zone competitions in April. Final judging is held and top awards made in May.

Four major fields of study are covered: science and mathematics, fine arts, liberal arts and vocational arts.

Cavett Heads Desert Council

James Cavett, president of the Palm Springs Rotary Club, was elected president of the Desert Council of Rotary Clubs at the annual meeting of the organization held in India.

Jerome Bunker, secretary of the local club, also was named to that office in the Desert Council.

The group meets every two months, with the next session scheduled for Dec. 3 in Cathedral City.

Irene Felker Starts Shop

Glamour personified came to Palm Springs with the opening of "Irene's hairfashion" this week, and Irene Felker has used all the creative imagination and artistry that made her the top hair stylist and department head for 20th Century Fox Studios for seven years in planning her new shop here.

Her patrons will find the soft pink and pearl grey tones of the shop most relaxing and the privacy of the grill work black booths striking.

Naturally, having glamorized the hair styling and color of the nation's most glamorous women in the country for years, Irene herself will specialize in hair styling and tinting, though she will have a complete beauty service in her new shop.

Associated with her will be Mr. Frank, who formerly was associated with Bullock's Beauty Salon and also with Toni King. Billy Trail is the receptionist and Marion the head manicurist.

'Woman I Love' Vows They've Never Had Spat

NEW YORK — The woman whose love for a king once rocked an empire says that hers has been a "marvelous" marriage without a spat in its nearly 20 years.

"David and I have a marvelous life together," said the Baltimore-born Duchess of Windsor, the "woman I love" of the history books.

"We will celebrate our 20th anniversary next June — I honestly feel as if it were only yesterday," she said in an interview.

"We both have had to have a sense of humor," she said. "But we've never had a real spat . . . I give him most of the credit there. I think we'd laugh first anyway."

The duchess said that if her life could be re-lived, she is not sure whether that history-making decision nearly two decades ago would be the same.

"You ask me whether we would do the same again, and I can only answer, 'how does one know?'" she said. "And if one could go back, would one have any more knowledge about the right decision?"

Canada Head-on Crash Kills 10

VIRIDEN, Man. (AP)—Ten persons were killed and one seriously injured when two automobiles collided head-on on the Trans-Canada Highway 10 miles southeast of here.

It was the second case of 10 deaths from a single traffic accident in as many days. About 24 hours earlier, 10 persons died in a highway collision at Muncie, Ind. Royal Canadian Mounted Police said there were six persons in one car and only the driver survived.
